

TECHNICAL RIDER

A professional flamenco performance adaptable to stage venues and a wide range of events.

The proposal is suitable for:

- Corporate events and conventions
- Company dinners and lounge settings
- Private celebrations (weddings, anniversaries and special gatherings)
- Hotels, country estates and unique venues
- Municipal programmes in small and mid-scale formats (local festivals, institutional events, inaugurations)

This is a 40–50 min stage performance featuring energy, musical excellence and natural, elegant interaction with the audience.

It is not extended entertainment, but a concise and structured artistic proposal designed to create a memorable moment within any event.

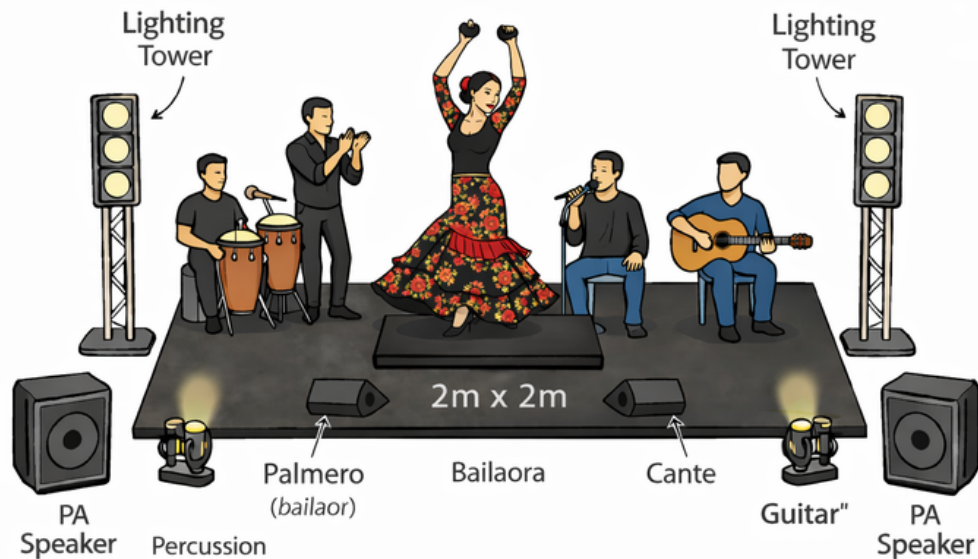

TECHNICAL EQUIPMENT

Provided:

- Complete sound system adapted to the venue
- Sound technician
- Basic lighting towers
- Professional dance platform (2 m x 2 m, for footwork)
- Logistics and transportation of stage equipment

REQUIREMENTS

- Dressing room or changing area
- Water for the team
- Power outlet near the performance area
- Flat and stable surface for the dance platform, preferably elevated
- Prior technical coordination to ensure quality and artistic comfort

GENERAL CONDITIONS

- Travel within Catalonia included (depending on location and schedule).
- Formats suitable for indoor and outdoor venues, with technical adaptation according to the space.
- Performances can be presented in two sets of 20–25 minutes. Maximum waiting time between sets: 20 minutes.
- Artistic team: regular members may vary due to scheduling; if necessary, equivalent-level substitutions are guaranteed.

ADDITIONAL OPTIONS

- Guest artist or workshop/animation can be added for +€300 + VAT.
